DETAILED ACTION

Priority

1. Acknowledgment is made of Applicants' claim for foreign priority under 35 U.S.C. 119(a)-(d). The certified copy has been filed in parent Application No. TAIWAN 092132578, filed on November 20, 2003.

2. This application is in condition for allowance except for the following formal matters:

Claim 5 recites ", and that is operable so as to obtain distance and direction value" in lines 7-8. For a positive recitation of the claim, Applicant is suggested to change the phrase to - - , and that operates so as to obtain distance and direction value

- - .

Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Allowable subject matter

3. **Claims 1-4** are allowed.

The following is an examiner's statement of reasons for indicating allowable subject matter:

Regarding **claims 1-4**, the prior art fails to teach or suggest a sound pickup method to be implemented using a microphone array that includes a plurality of microphones disposed in an array and spaced apart from each other, and a sound source tracking device that is disposed at determined distances relative to the microphones in the microphone array, the sound pickup method comprising the steps c) determining appropriate time delays for the nearest one of the microphones according to the distance thereof from the farthest one of the microphones and for other ones of the microphones in the microphone array according to the distance of each of said other ones of the microphones from the nearest one of the microphones; and d) processing signals generated by the microphones in the microphone array by introducing the corresponding time delays determined in step c) into the signals from the microphones, in combination with other limitations, as specified in the independent claim 1.

4. **Claim 5** is objected but would be allowable if rewritten or amended to overcome the objections, set forth in this Office action.

5. **Claims 6-9** would be allowable if claim 5 overcame the objections, set forth in this Office action.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure:
